Benefits

You’ll Be Helping The Planet

You will have the satisfaction of helping preserve irreplaceable wildlands and wildlife. Your voice will be heard through congressional lobbying and grassroots action.

Sierra Magazine

Stay well-informed with a 1-year subscription to award-winning Sierra magazine, filled with spectacular nature photography and in-depth reporting on the hottest environmental issues.

Discounts

Membership entitles you to discounts on selected Sierra Club logo items. You’ll also receive discounts on our celebrated calendars and distinguished books. Visit the Sierra Club store online at: www.sierraclub.org/store

Worldwide Outings Program

Sierra Club trips can take you to the far corners of the Earth, from paddling or pedalng, to ski-touring or trekking. We offer hundreds of exciting outings all over the world, from the tundra to the tropics. You can even build trails, preserve archeological sites and help clean up the environment on our exhilarating service trips! www.sierraclub.org/outings

Local Chapter Participation

You will receive up-to-date news on conservation issues in your area, plus invitations to Chapter events. You can also volunteer for local or national conservation campaigns. www.sierraclub.org/chapters

Sierra Club is America’s oldest, largest and most influential grassroots environmental organization.

Statement of Purpose

“...to explore, enjoy and protect the wild places of the Earth; to practice and promote the responsible use of the Earth’s ecosystems and resources; to educate and enlist humanity to protect and restore the quality of the natural and human environment; and to use all lawful means to carry out these objectives.”

Who We Are

Over 100 years ago, John Muir, along with a group of conservationists, laid the foundation for the Sierra Club: an organization dedicated to preserving and protecting the magnificent wildlands of the Sierra Nevada. The impact of the newly formed Sierra Club was immediate and long-lasting.

Sierra Club’s members and supporters are more than 1.3 million of your friends and neighbors in 450 local Chapters and Groups. Sierra Club has helped preserve and protect over 250 million acres of wildlands and 8,000 miles of wild and scenic rivers. Inspired by nature, we work together to protect our communities and the planet.

2004-2021 Sierra Club. All rights reserved.
When you join the Sierra Club, you join an organization dedicated to change and committed to results. This is your chance to put a collective foot down for a better environment and to restore our Earth to good health.

Our grassroots organization runs effective conservation campaigns in every state, and has hundreds of regional Chapters and Groups that provide ongoing support for local issues and efforts.

Inspirited by nature, we work together to protect our communities and the planet.

When you become a member of the Sierra Club, your support will help clean up a stream, send a group of inner-city youth on an outdoor adventure, tell Congress to pass tougher environmental protections, and more.

Whether you join or volunteer for Sierra Club, you will have the satisfaction of knowing that you are helping to preserve irreplaceable wildlands, save endangered and threatened wildlife, and protect this fragile environment we call home.

Online Community

By joining our online community, you will have access to the latest Sierra Club news, as well as receive special offers and opportunities to take action.

Insider Newsletter—a bi-weekly email newsletter offering up-to-date information on important conservation issues, outings and opportunities to get involved.

The Green Life—Sign up for the email newsletter and receive daily green tips. www.sierraclub.org/greenlife

Achievements

For over 100 years, Sierra Club has been instrumental in protecting wildlife and wild places, as well as the implementation of important legislation which has improved our quality of life.

Here is a list of just a few of our achievements:

- Preserved and protected over 259 million acres of wildlands and 8,000 miles of wild and scenic rivers.
- Establishment of Yosemite and many other national parks.
- An end to government plans to dam the Colorado River and flood the Grand Canyon.
- The enactment of the Clean Water Act, Clean Air Act and Endangered Species Act.
- The granting of national monument status for Utah’s Grand Staircase-Escalante, the Giant Sequoias of California’s Sierra Nevada, and many more natural treasures.
- The passage of the Alaska National Interest Lands Conservation Act, which designated more than 100 million acres of parks, wildlife refuges and wilderness areas.
- Protection of the last remaining 60 million acres of roadless areas in our national forests.
- Stopped construction of over 100 new coal-fired power plants.
